

IT Services Pricing

Standard Wired Broadband Connection \$200 daily

384kbps, burstable to 1.5Mbps. Category 5 cable terminated to RJ45 (male). Dynamically assigned address. Pricing per device (see table below).

Isolated T1 (1.5Mbps) with static Public IP Address \$400 daily

Category 5 cable terminated to RJ45 (male). Multimode fiber connection (SC) available in some rooms.

6 Mbps circuit (burstable to 10 Mbps)..... \$1200 daily

Category 5 cable terminated to RJ45 (male). Multimode fiber connection (SC) available in some rooms.

Larger circuits available (up to 1Gbps). Point to point connectivity available for some companies. Please call or email for quote.

Wireless Internet Connectivity (802.11 b/g) \$600 daily (per Access Point)

SSID named to your specifications (can be broadcast or hidden), encrypted (WEP, WPA) or unencrypted.

VLAN configurationcall for quote

Each meeting and guest room are segmented by default. Hotel staff can configure multiple meeting/guest rooms onto the same VLAN to enable the sharing of resources over the virtual LAN.

The Hilton Americas-Houston supports nearly all VPN clients (PTPP, L2TP, IPSec) and can provide meeting and guest rooms with private or public IP addresses. We are also connected to the George R. Brown Convention Center via fiber and can provide a dry patch or create a VLAN between the two properties.

Technical Support \$45 per hour

Support for non-hotel computers, printers and network devices (waiver required).
